another ten to twenty more researchers will be recruited as new texts are identified. the texts, dating from the third century bce (bc) to the year 600 ce (ad), are known as 'old testament

pseudepigrapha'; ancient texts similar to biblical texts, but written much

greco-roman literature and the new testament

all ancient texts are part of a cultural system, and must be understood in context and with integrity if they are to be properly evaluated. that is why the context for comparison emphasized in the following pages is not simply the individual word or phrase or the isolated theme or motif, but rather textual units of varying size and complexity which can be described as literary forms or genres
